### SUMMARY OF JUNE 30, 2021 AUDIT RESULTS

### Reports issued

Audited Financial Statements with auditor's opinion

**Internal Control and Compliance Reports** 

Required communications letter

Management letter with recommendations

### Independent Auditor's Report

Unmodified (clean) opinion

### Highlights of financial statements

CAD system costs of \$2.3 million reflected in work in process as part of capital assets--not depreciated since not in service at year-end

Principal payments made on CAD capital lease of \$130,000

OPEB liability increased \$1.9 million and pension liability increased \$387,000

Negative unrestricted net position is due to the pension and OPEB liabilities of \$17.6 million

Operating revenues increased due to deployments.

Expenses declined from \$10.05 million to \$9.65 million.

Change in net position was a \$279K reduction

Pension and OPEB footnote describe methods and assumptions

Reserves set aside by Board totaling \$908,000 (page 20)

Contractual commitments on alerting and CAD system (page 21)

### Reports on Internal Control and Compliance (pages 25 and 26)

Clean report - no internal control weaknesses or compliance issues

### **Required Communications Letter**

9 closing entries and audit adjustments identified

No difficulties in performing the audit and no unusual accounting practices

### Management letter

Reconciliations of bank, accounts receivable and accounts payable need to be completed and reconciling items need to be cleared on a monthly basis

Recommend documenting and having board formally approve benefits for employees not covered by MOUs

Several prior year recommendations were implemented

## Sacramento Regional Fire/EMS Communications Center

10230 Systems Parkway, Sacramento, CA 95827-3006 www.srfecc.ca.gov

November 3, 2021

Richardson & Company, LLP 550 Howe Avenue, Suite 210 Sacramento, CA 95825

This representation letter is provided in connection with your audit of the financial statements of Sacramento Regional Fire/EMS Communication Center, which comprise the financial position as of June 30, 2021 and 2020, and the changes in financial position and cash flows for the years then ended, and the related notes to the financial statements, for the purpose of expressing an opinion as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

We confirm, to the best of our knowledge and belief, as of November 3, 2021, the following representations made to you during your audit.

### **Financial Statements**

- We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated June 30, 2021 including our responsibility for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for preparation of the supplementary information in accordance with the applicable criteria.
- 2) The financial statements referred to above are fairly presented in conformity with U.S. generally accepted accounting principles.
- 3) We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
- 4) We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
- 5) Significant assumptions we used in making accounting estimates are reasonable.
- 6) Related party relationships and transactions, including revenues, expenditures/expenses, loans, transfers, leasing arrangements, and guarantees, and amounts receivable from or payable to related parties have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.
- 7) Adjustments or disclosures have been made for all events, including instances of noncompliance, subsequent to the date of the financial statements that would require adjustment to or disclosure in the financial statements.
- 8) The effects of uncorrected misstatements are immaterial, both individually and in the aggregate, to the financial statements as a whole. A list of the uncorrected misstatements is attached to the representation letter.
- 9) The effects of all known actual or possible litigation, claims, and assessments have been accounted for and disclosed in accordance with U.S. GAAP.

## Sacramento Regional Fire/EMS Communications Center

10230 Systems Parkway, Sacramento, CA 95827-3006 www.srfecc.ca.gov

10) Guarantees, whether written or oral, under which the Sacramento Regional Fire/EMS Communication Center is contingently liable, if any, have been properly recorded or disclosed.

### Information Provided

- 11) We have provided you with:
  - Access to all information, of which we are aware, that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters.
  - Additional information that you have requested from us for the purpose of the audit.
  - c) Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
  - d) Minutes of the meetings of the Sacramento Regional Fire/EMS Communication Center or summaries of actions of recent meetings for which minutes have not yet been prepared.
- 12) All material transactions have been recorded in the accounting records and are reflected in the financial statements.
- 13) We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
- 14) Except as made known to you, we have no knowledge of any fraud or suspected fraud that affects the entity and involves:
  - 1) Management,
  - 2) Employees who have significant roles in internal control, or
  - 3) Others where the fraud could have a material effect on the financial statements.
- 15) Except as made known to you, we have no knowledge of any allegations of fraud or suspected fraud affecting the entity's financial statements communicated by employees, former employees, regulators, or others.
- 16) We have no knowledge of instances of noncompliance or suspected noncompliance with provisions of laws, regulations, contracts, or grant agreements, or abuse, whose effects should be considered when preparing financial statements.
- 17) We have disclosed to you all known actual or possible litigation, claims, and assessments whose effects should be considered when preparing the financial statements.
- 18) We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware.

### Government—specific

- 19) There have been no communications from regulatory agencies concerning noncompliance with, or deficiencies in, financial reporting practices.
- 20) We have a process to track the status of audit findings and recommendations.

## Sacramento Regional Fire/EMS Communications Center

10230 Systems Parkway, Sacramento, CA 95827-3006 www.srfecc.ca.gov

- 21) We have identified to you any previous audits, attestation engagements, and other studies related to the audit objectives and whether related recommendations have been implemented.
- 22) We have provided our views on reported findings, conclusions, and recommendations, as well as our planned corrective actions, for the report.
- 23) The Sacramento Regional Fire/EMS Communication Center has no plans or intentions that may materially affect the carrying value or classification of assets, deferred outflows of resources, liabilities, deferred inflows of resources, or net position.
- 24) We are responsible for compliance with the laws, regulations, and provisions of contracts and grant agreements applicable to us.
- 25) There are no instances, which have occurred or are likely to have occurred, of fraud and noncompliance with provisions of laws and regulations that we believe have a material effect on the financial statements or other financial data significant to the audit objectives, and any other instances that warrant the attention of those charged with governance.
- 26) There are no instances, which have occurred or are likely to have occurred, of noncompliance with provisions of contracts and grant agreements that we believe have a material effect on the determination of financial statement amounts or other financial data significant to the audit objectives.
- 27) There are no instances that have occurred or are likely to have occurred, of abuse that could be quantitatively or qualitatively material to the financial statements or other financial data significant to the audit objectives.
- 28) There are no violations or possible violations of budget ordinances, laws and regulations (including those pertaining to adopting, approving, and amending budgets), provisions of contracts and grant agreements, tax or debt limits, and any related debt covenants whose effects should be considered for disclosure in the financial statements, or as a basis for recording a loss contingency, or for reporting on noncompliance.
- 29) As part of your audit, you assisted with preparation of the financial statements and related disclosures (including journal entries). We acknowledge our responsibility as it relates to those nonaudit services, including that we assume all management responsibilities; oversee the services by designating an individual, preferably within senior management, who possesses suitable skill, knowledge, or experience; evaluate the adequacy and results of the services performed; and accept responsibility for the results of the services. We have reviewed, approved, and accepted responsibility for those financial statements and related disclosures (and related journal entries).
- 30) The Sacramento Regional Fire/EMS Communication Center has satisfactory title to all owned assets and there are no liens or encumbrances on such assets nor has any asset been the pledged as collateral.
- 31) The Sacramento Regional Fire/EMS Communication Center has complied with all aspects of contractual agreements that would have a material effect on the financial statements in the event of noncompliance.
- 32) The financial statements properly classify all funds and activities.
- 33) Components of net position (net investment in capital assets; restricted; and unrestricted) amounts are properly classified.
- 34) Provisions for uncollectable receivables have been properly identified and recorded.

DocuSign Envelope ID: C6EB3490-959A-425C-B720-376EEA224732

## Sacramento Regional Fire/EMS Communications Center

10230 Systems Parkway, Sacramento, CA 95827-3006 www.srfecc.ca.gov

- 35) Deposits are properly classified as to risk and are properly disclosed.
- 36) Capital assets are properly capitalized, reported, and, if applicable, depreciated.
- 37) We have appropriately disclosed the Sacramento Regional Fire/EMS Communication Center's policy regarding whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available and have determined that net position was properly recognized under the policy.
- 38) We acknowledge our responsibility for the required supplementary information (RSI). The RSI is measured and presented within prescribed guidelines and the methods of measurement and presentation have not changed from those used in the prior period. We have disclosed to you any significant assumptions and interpretations underlying the measurement and presentation of the RSI.

39) We believe that the actuarial assumptions and methods used to measure pension and OPEB liabilities and costs for financial accounting purposes are appropriate in the circumstances.

### MANAGEMENT LETTER

To the Board of Directors and Management Sacramento Regional Fire/EMS Communications Center Sacramento, California

In planning and performing our audit of the financial statements of the Sacramento Regional Fire/EMS Communications Center (SRFECC)as of and for the year ended June 30, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered SRFECC's internal control over financial reporting (internal control) as a basis for determining our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of SRFECC's internal control. Accordingly, we do not express an opinion on the effectiveness of SRFECC's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

During our audit we became aware of the following matters that have been included in this letter for your consideration.

### Subsidiary Ledgers

We noted differences between the bank reconciliation, accounts receivable detail list and accounts payable detail list and the general ledger. These differences were not significant and staff indicated the necessary adjustments to the general ledger were made in fiscal year 2021. However, we recommend that the bank reconciliation and subsidiary reports be reconciled to the general ledger on a monthly basis and any reconciling items be cleared as part of the reconciliation process.

### **Employee and Retiree Benefits**

Benefits provided to employees are contained in the memorandums of understanding with the labor unions. Employees that are not covered by the memorandums of understanding are provided similar level of benefits. We recommend SRFECC update the Personnel Procedures Manual to document the current level of benefits offered to all employees and have the Manual approved by the Board to formalize the benefits.

To the Board of Directors Sacramento Regional Fire/EMS Communications Center Page 2

\* \* \* \* \*

We would like to take this opportunity to acknowledge the courtesy and assistance extended to us during the course of the audit. This report is intended solely for the information and use of the Board, management, and others within the organization and is not intended to be and should not be used by anyone other than these specific parties.

Richardson & Company, LLP

November 3, 2021

Telephone: (916) 564-8727 FAX: (916) 564-8728

### REQUIRED COMMUNICATIONS LETTER

To the Board of Directors Sacramento Regional Fire/EMS Communications Center Sacramento, California

We have audited the financial statements of the Sacramento Regional Fire/EMS Communications Center (SRFECC) for the year ended June 30, 2021 and have issued our report thereon dated November 3, 2021. Professional standards require that we provide you with the information about our responsibilities under generally accepted auditing standards and, if applicable, *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. Professional standards also require that we provide you with the following information related to our audit.

## Our Responsibility under U.S. Generally Accepted Auditing Standards (GAAS) and Government Auditing Standards

As stated in our engagement letter dated June 30, 2021, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

As part of our audit, we will consider the internal control of the SRFECC. Such considerations are solely for the purpose of determining our audit procedures and not to provide any assurance concerning internal control. As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will also perform tests of the SRFECC's compliance with certain provisions of laws, regulations, contract, and grants, However, providing an opinion on compliance with those provisions are not an objective of our audit.

Generally accepted accounting principles provide for certain required supplementary information (RSI) to supplement the basic financial statements. Our responsibility with respect to the RSI, which supplement(s) the basic financial statements, is to apply certain limited procedures in accordance with generally accepted auditing standards. However, the RSI will not be audited and, because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance, we will not express an opinion or provide any assurance on the RSI.

### Planned Scope and Timing of the Audit

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit involves judgment about the number of transactions to be examined and the areas to be tested.

Our audit included obtaining an understanding of the entity and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further auditing procedures. Material misstatements may result from (1) errors, (2) fraudulent financial report, (3) misappropriation of assets, of (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity. We will generally communicate our significant findings at the conclusion of the audit. However, some matters could be communicated sooner, particularly if significant difficulties are encountered during the audit where assistance is needed to overcome the difficulties or if the difficulties may lead to a modified opinion. We have communicated internal control related matters that are required to be communicated under professional standards in a separate letter. We performed the audit according to the planned scope previously communicated to you in our engagement letter dated June 30, 2021.

### Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by SRFECC are described in Note A to the financial statements. No new accounting policies were adopted and the application of existing polices was not changed during the year. We noted no transaction entered into by SRFECC during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Accounting estimates are used in determining the depreciable lives used for capital assets, qualifying expenses claimed under grant agreements, the current portion of compensated absences and the valuation of the OPEB liability and net pension liability. The depreciable lives used for capital assets affects the amount of depreciation expense that is recorded and are based on SRFECC's estimate of the useful lives of the assets. Grant receivables are accrued based on management's assessment of whether the expenses claimed are qualifying under the terms of the grant, but grantors may reassess whether the amount represent qualifying expenses. The current portion of compensated absences is based on usage in previous periods. The OPEB liability is based on an actuarial report, which is based on assumptions including future employment, retirement rates and future costs of health care and health insurance. The net pension liability was determined through an actuarial valuation performed by CalPERS, which is performed annually. We evaluated the key factors and assumptions used to develop the estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements were Notes E and F related to the other postemployment benefits plan and the pension plan liabilities and related deferred inflows and outflows, Note I related to the operating lease and K where commitments and contingencies were disclosed.

The financial statement disclosures are neutral, consistent, and clear.

### Difficulties Encountered in Performing the Audit

We encountered no difficulties in dealing with management in performing and completing our audit.

### Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

Management has corrected all such misstatements. There were 9 adjustments and closing entries posted during the audit. These adjustments and closing entries consist of the following:

- Update the pension balances for current year activity.
- Update the OPEB balances for current year activity.
- To reclassify Backbone Advance account
- Reclassify CIP from receivable
- To update depreciation
- Record and recognize prepaid expenses.
- To record June payroll adjustments posted in July.
- To revise unfunded liability payment.
- To reclassify the deposit on equipment as prepaid and remove grant revenue due to the uncertainty of it being received.
- Reclassify unrestricted net position to net investment in capital assets.
- Reclassify the current portion of the capital lease.

The attached schedule summarizes uncorrected misstatements in the financial statements. Management has determined that the effects are immaterial, both individually and in the aggregate to the financial statements taken as a whole.

### **Disagreements With Management**

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### Management Representations

We have requested certain representations from management that are included in the management representation letter dated November 3, 2021.

### Management Consultations With Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to SRFECC's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### <u>Issues Discussed Prior to Retention of Independent Auditors</u>

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as SRFECC's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

### Other Matters

We applied certain limited procedures to the schedule of changes in the net OPEB liability and related ratios, schedule of contributions to the OPEB plan, schedule of the proportionate share of the net pension liability, and schedule of contributions to the pension plan, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

This information is intended solely for the use of the Board of Directors and management of SRFECC and is not intended to be and should not be used by anyone other than these specified parties.

To the Board of Directors Sacramento Regional Fire/EMS Communications Center Sacramento, California

### **Report on the Financial Statements**

We have audited the accompanying basic financial statements of the Sacramento Regional Fire/EMS Communications Center (SRFECC) as of and for the years ended June 30, 2021 and 2020 and the related notes to the financial statements, which collectively comprise SRFECC's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the State Controller's Minimum Audit Requirements for California Special Districts. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of SRFECC as of June 30, 2021 and 2020, and the changes in financial position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America as well as accounting systems prescribed by the State Controller's Office and state regulations governing special districts.

To the Board of Directors Sacramento Regional Fire/EMS Communications Center

### **Other Matters**

Report on Supplemental Information

Accounting principles generally accepted in the United States of America require that the schedule of the proportionate share of the net pension liability, schedule of contributions to the pension plan, schedule of changes in the net OPEB liability and related ratios and schedule of contributions to the OPEB plan be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 3, 2021 on our consideration of the SRFECC's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the SRFECC's internal control over financial reporting and compliance.

The accompanying notes are an integral part of these financial statements.

### NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2021 and 2020

### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Sacramento Regional Fire/EMS Communications Center (SRFECC) have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The most significant accounting policies of SRFECC are described below.

Background: SRFECC was organized through a Joint Powers Agreement (JPA) pursuant to the provisions of Title I, Division 7, Chapter 5, Article 1, Sections 6500 et seq. of the California Government Code beginning on January 1, 1981, to provide fire and ambulance communications management/dispatch services for member agencies and volunteer agencies. The JPA members were Sacramento City Fire, Sacramento Metropolitan Fire District, Consumes Community Services District and Folsom City. Volunteer agencies are Herald, Courtland, Walnut Grove, Wilton, Isleton, and River Delta Fire Districts. SRFECC serves approximately 1.3 million residents in an area of approximately 1,000 square miles.

SRFECC's Board of Directors is comprised of one representative from each Member Agency. Each Member Agency has a weighted vote equal to the percentage of each Member Agency's total emergency service calls to the total of all emergency service calls for all Member Agencies during the previous calendar year that remain a member on July 1 of the current fiscal year. The weighted votes are recalculated on July 1 of each fiscal year.

Debts, liabilities and obligations of SRFECC are not considered to be debts, liabilities and obligations of the Member Agencies. However, according to the Joint Powers Agreement, no assets may be divided or returned to Member Agencies until all outstanding obligations of SRFECC have been resolved or a "paid-up contract" has been adopted which removes those obligations from SRFECC. A "paid-up contract" may be for Member Agencies to accept responsibility for any outstanding claims. Dispositions of the remaining assets will then be made in proportion to the contributions of the remaining Member Agencies for the fiscal year of the dissolution. The Joint Powers Agreement may be terminated upon consent of 90% of the total number of votes of all Member Agencies.

The Joint Powers Agreement requires SRFECC collect charges for services from its Member Agencies on a pro- rata basis sufficient to pay capital, operating and related costs for dispatch services. The rate charged to each Member Agency depends on whether the Member Agency choses to receive Tier I, Tier II or Tier III dispatch services or requests other additional services as defined in the Joint Powers Agreement.

<u>Basis of Presentation – Fund Accounting</u>: SRFECC's resources are allocated to and accounted for in these basic financial statements as an enterprise fund type of the proprietary fund group. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services on a continuing basis be financed or recovered primarily through user charges, or where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other policies. Net position for the enterprise fund represents the amount available for future operations.

Basis of Accounting: The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Enterprise funds are presented using the economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of this fund are included on the balance sheet. Net position is segregated into amounts invested in capital assets, amounts restricted and amounts unrestricted. Enterprise fund type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net position.

SRFECC uses the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. Operating revenues and expenses consist of those revenues and expenses that result from the ongoing principle operations of SRFECC. Operating revenues consist primarily of charges for services. Non-operating revenues and expenses consist of those revenues and expenses that are related to financing and investing types of activities and result from non-exchange transactions or ancillary activities.

### NOTES TO BASIC FINANCIAL STATEMENTS (Continued)

June 30, 2021 and 2020

### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

When both restricted and unrestricted resources are available for use, it is SRFECC's policy to use restricted resources first, then unrestricted resources as they are needed.

<u>Cash and Cash Equivalents</u>: For purposes of the statement of cash flows, SRFECC considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. Cash and cash equivalents consist of cash on hand and deposits in financial institutions.

<u>Prepaid Expenses</u>: Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses.

<u>Capital Assets</u>: Capital assets are recorded at historical cost. Donated capital assets are recorded at the acquisition value, which is the price that would be paid to acquire an asset with equivalent service potential in an orderly market transaction at the acquisition date. Self-constructed assets are recorded based on the amount of direct labor, material, and certain overhead charged to the asset construction. Depreciation is calculated using the straight-line method over the following estimated useful lives:

|                            | Estimated  |
|----------------------------|------------|
| Description                | Life       |
| Buildings and improvements | 3-30 years |
| Equipment                  | 3-10 years |

Maintenance and repairs are charged to operations when incurred. It is SRFECC's policy to capitalize all capital assets with a cost of more than \$5,000 for equipment, building and improvements. The cost of assets sold or retired (and the related amounts of accumulated depreciation) are eliminated from the balance sheet in the year of sale or retirement, and the resulting gain or loss is recognized in operations.

<u>Compensated Absences</u>: Regular full-time employees are granted vacation, sick and holiday leave in varying amounts based upon length of service. Employees are not compensated for unused sick leave upon separation from employment, so a liability is not recorded for unused sick leave. Any accrued hours, not in excess of the maximum allowable, which are unused during the current period, are carried forward to following years. Additionally, certain employees are allowed compensated time-off in lieu of overtime compensation and/or from working on holidays.

Net Position: Net position is categorized as net investment in capital assets, restricted and unrestricted.

<u>Net Investment in Capital Assets</u> – This category groups all capital assets into one component of net position. Accumulated depreciation and debt attributable to the acquisition, construction or improvement of these assets reduces the balance in this category.

<u>Restricted Net Position</u> – This category presents external restrictions imposed by creditors, grantors, contributors, laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation. SRFECC has no restricted net position.

<u>Unrestricted Net Position</u> – This category represents net position of SRFECC not restricted for any project or other purpose.

<u>Pension Plan</u>: For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to the pension plan, and pension expense, information about the fiduciary net position of SRFECC's California Public Employees' Retirement System (CalPERS) plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

### NOTES TO BASIC FINANCIAL STATEMENTS (Continued)

June 30, 2021 and 2020

### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Other Postemployment Benefits (OPEB): For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to the District's OPEB plan (Plan), and OPEB expense, information about the fiduciary net position of the Plan and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

<u>Deferred Outflows and Inflows of Resources</u>: In addition to assets and liabilities, the statement of net position reports separate sections for deferred outflows and deferred inflows of resources. *Deferred outflows of resources* represent a consumption of net position by the government that is applicable to a future reporting period. *Deferred inflows of resources* represent an acquisition of net position that is applicable to a future reporting period. These amounts will not be recognized as an outflow of resources (expense) or an inflow of resources (revenue) until the earning process is complete. Deferred outflows and inflows of resources represent amounts deferred related to SRFECC's pension and OPEB plans as described in Notes E and F.

<u>Use of Estimates</u>: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

<u>New Pronouncements</u>: In June 2017, the GASB issued Statement No. 87, *Leases*. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021.

In January 2020, the GASB issued Statement No. 92, *Omnibus 2020*. This Statement addresses a number of practice issues identified during the implementation of certain GASB Statements, including 1) the effective date of Statement No. 87, Leases, and Implementation Guide No. 2019-03, *Leases*, for interim financial statements; 2) reporting of intra-entity transfers between a primary government employer and a component unit defined benefit pension plan or defined benefit OPEB plan; 3) the applicability of Statements No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68, as amended, and No. 74, <i>Financial Reporting for Post-employment Benefit Plans Other Than Pension Plans*, as amended, to reporting assets accumulated for postemployment benefits; 4) the applicability of certain requirements of Statement No. 84, *Fiduciary Activities*, to postemployment benefit arrangements; 5) measurement of liabilities (and assets, if any) related to asset retirement obligations (AROs) in a government acquisition; 6) reporting by public entity risk pools for amounts that are recoverable from reinsurers or excess insurers; 7) reference to nonrecurring fair value measurements of assets or liabilities in authoritative literature; and 8) terminology used to refer to derivative instruments. This Statement is applicable for items 1) and 7) above upon its issuance and is effective for the other items above for reporting periods beginning after June 15, 2021.

SRFECC is currently analyzing the impact of the required implementation of these new statements.

### NOTES TO BASIC FINANCIAL STATEMENTS (Continued)

June 30, 2021 and 2020

### NOTE B – CASH AND CASH EQUIVALENTS

At June 30, 2021 and 2020, SRFECC's cash consisted of deposits in financial institutions.

<u>Investment policy</u>: California statutes authorize special districts to invest idle, surplus or reserve funds in a variety of credit instruments as provided for in the California Government Code, Section 53600, Chapter 4 - Financial Affairs. The table below identifies the investment types that are authorized for SRFECC by the California Government Code (or SRFECC's investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk. During the years ended June 30, 2021 and 2020, SRFECC's permissible investments included the following instruments:

| Authorized                          | Maximum  | Maximum<br>Percentage | Maximum<br>Investment |
|-------------------------------------|----------|-----------------------|-----------------------|
| Investment Type                     | Maturity | of Portfolio          | in One Issuer         |
| •                                   |          |                       |                       |
| Local Agency Bonds                  | 5 years  | None                  | None                  |
| U.S. Treasury Obligations           | 5 years  | None                  | None                  |
| U.S. Agency Securities              | 5 years  | None                  | None                  |
| State of California obligations     | 5 years  | None                  | None                  |
| Bankers Acceptances                 | 180 days | 40%                   | 30%                   |
| Commercial Paper                    | 270 days | 25%                   | 10%                   |
| Negotiable Certificates of Deposits | 5 years  | 30%                   | None                  |
| Repurchase Agreements               | 92 days  | 20%                   | None                  |
| Medium Term Corporate Notes         | 5 years  | 30%                   | None                  |
| Money Market Mutual Funds           | N/A      | 20%                   | 10%                   |
| Mortgage pass-through securities    | 5 years  | 20%                   | None                  |
| LAIF                                | N/A      | None                  | None                  |

Custodial Credit Risk: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and SRFECC's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure public agency deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits. At June 30, 2021 and 2020, the carrying value of SRFECC's deposits was \$3,996,111 and \$4,023,276 and the balances in financial institutions were \$4,024,112 and \$4,049,281, respectively. Of the balances in financial institutions, \$250,000 was covered by federal depository insurance and the remaining amount was covered by the pledging financial institution with assets held in a common pool for SRFECC and other governmental agencies, but not in the name of SRFECC.

Capital Lease – Direct Borrowing: On August 15, 2019, the Board of Directors approved a Municipal-Lease Purchase Agreement (Agreement) with Financial Pacific Leasing, Inc. DBA Umpqua Bank Equipment Leasing & Finance, of up to \$5,000,000 to finance the purchase of Computer Aided Dispatch equipment and related expenses. The Agreement is secured by a lien on the related equipment. The Agreement calls for fixed level rent payments for the term of the lease at an index interest rate equal to a like term semi-bond swap rate sourced from Chatham Financial Market Data on the date of the lease. The agreement contains an option to purchase the related equipment for \$1 at the end of the lease term. SRFECC entered into a lease of \$1,708,494 on August 16, 2019, under the agreement, which has monthly rent payments of \$22,394 from December 1, 2020, to November 1, 2027. The index rate was approximately 2.765% at the date of the lease. The equipment under the capital lease had a cost of \$1,708,494 and no accumulated depreciation at June 30, 2021 and 2020 and was included in construction in progress because the equipment was not placed into service. SRFECC is only obligated to pay rent under the agreement to the extent necessary funds have been budgeted for and appropriated for that purpose but would surrender the related equipment if such an event were to occur. Delinquent payments are subject to a default interest rate of the lesser of 18% or the maximum rate permitted by law.

Future payments under the capital lease will be as follows as of June 30, 2021:

| Year ended June 30, | Principal |           |    | Interest |    | Totals    |
|---------------------|-----------|-----------|----|----------|----|-----------|
| 2022                | \$        | 227,964   | \$ | 40,768   | \$ | 268,732   |
| 2023                | 4         | 234,348   | Ψ  | 34,384   | Ψ  | 268,732   |
| 2024                |           | 240,911   |    | 27,821   |    | 268,732   |
| 2025                |           | 247,657   |    | 21,076   |    | 268,732   |

| 2027-2028           |           | 372,923   |    | 7,781    |    | 380,704   |
| Total               | \$        | 1,578,395 | \$ | 145,970  | \$ | 1,724,364 |

### NOTES TO BASIC FINANCIAL STATEMENTS (Continued)

June 30, 2021 and 2020

### NOTE E – OTHER POSTEMPLOYMENT BENEFITS

<u>Plan Description</u>: The SRFECC defined benefit OPEB plan (the Plan) is an agent multiple-employer OPEB plan that provides OPEB benefits for all eligible general employees that retire from SRFECC with CalPERS pension and elect to enroll in one of the health plans sponsored by CalPERS. Employees must retire directly from SRFECC. Eligible employees' surviving spouses of retirees hired before July 1, 2012 are also eligible for benefits. Benefits continue through the retiree's or spouses' lifetime. The Plan is administered by CalPERS through participation in California Employers' Retiree Benefit Trust (CERBT) Fund. The Board of Directors grants the authority to establish and amend the benefit terms to the CalPERS Board of Trustees (CalPERS Board). CalPERS issues a publicly available financial report for the CERBT that can be obtained at <a href="https://www.calpers.ca.gov">www.calpers.ca.gov</a> under Forms and Publications.

Benefits Provided: The Plan provides healthcare benefits for retirees and surviving spouses. For retirees hired prior to July 1, 2012, SRFECC pays 100% of the CalPERS health plan premiums up to a maximum of the lesser of the non-Medicare premium amount for the Kaiser or Blue Shield Access plan for "employee plus one" coverage. For retirees hired on or after July 1, 2012, SRFECC contributes a percentage based on the years of service of the CalPERS health plan premium costs up to the lesser of the non-Medicare premium amount for the Kaiser or BlueShield Access plan for "employee plus one" coverage. SRFECC's contribution percentage is 25% after five years of service and an additional 5% is contributed for each additional year of service. After twenty years of service, SRFECC's contribution percentage is 100%. In the event the Kaiser or Blue Shield Access premiums increase by more than 5% in any one year, the increase in SRFECC's contribution will be limited to 5%. For employees hired after July 1, 2014, SRFECC's maximum contributions are limited to \$1,300 per month.

Employees Covered by Benefit Terms: At June 30, the following current and former employees were covered by the benefit terms:

|  | 2021 | 2020 |
|--|------|------|
| Inactive employees or beneficiaries currently receiving benefit payments | 23   | 23   |
| Active employees   | 40   | 44   |
| Total  | 63   | 67   |

Contributions: The Board of Directors grants the authority to establish and amend the contribution requirements of SRFECC and employees. Employees are required to contribute \$100 per month to the Plan. These contributions are non-refundable to the employee and are deposited in the CERBT trust. During the fiscal year ended June 30, 2021, the District's benefit payments were \$284,058 and the implied subsidy was \$70,952, resulting in total payments of \$355,010. In addition, active employees contributed \$51,400 to the trust. During the fiscal year ended June 30, 2020, the District's benefit payments were \$262,916 and the implied subsidy is \$65,975, resulting in total payments of \$328,891. In addition, active employees contributed \$51,700 to the trust.

Net OPEB Liability: SRFECC's net OPEB liability at June 30, 2021 and 2020 was measured as of June 30, 2020 and 2019. The total OPEB liability used to calculate the net OPEB liability at June 30, 2021 and 2020 was determined by an actuarial valuation as of June 30, 2019.

<u>Actuarial Assumptions</u>: The total OPEB liability at June 30, 2021 and 2020 was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Mortality information for active and retired employees in the June 30, 2020 valuation was based on 2018 CalPERS tables. Healthy mortality rates are based on CalPERS experience with a 15-year static projection using 90% of Scale MP-2016. The pre-retirement turnover information in the June 30, 2019 valuation was developed based on the CalPERS Turnover for Miscellaneous Employees table created by CalPERS for 2018 and 2009, respectively. Medical cost trend is based on the Society of Actuaries "Getzen Model".

The assumed gross return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class at June 30 are summarized in the following table:

|   |            | 2021             | 2020       |                  |  |  |
|---|------------|------------------|------------|------------------|--|--|

| Commodities                             | 3.0%       | 5.23%            | 3.0%       | 5.23%            |  |  |
|   | 100.0%     | :                | 100.0%     | :                |  |  |

<u>Discount Rate</u>: The discount rate used to measure the total OPEB liability was 3.21% and 4.52% for the years ended June 30, 2021 and 2020, respectively. The projection of cash flows used to determine the discount rate assumed that SRFECC contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to not be available to make all projected OPEB payments for current active and inactive employees. Therefore, a single equivalent rate of the long-term expected rate

<u>Changes in Assumptions</u>: Changes of assumptions in 2021 and 2020 include the changes in the discount rate discussed previously. As of the June 30, 2020 measurement date, the medical trend was revised to exclude the excise tax for high cost plans due to a law that repealed the excise tax.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate and Healthcare Cost Trend Rates: The following presents the net OPEB liability of SRFECC, as well as what SRFECC's net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current discount rate:

Payable to the OPEB Plan: At June 30, 2021 and 2020, SRFECC had no contributions payable to the Plan.

### NOTE F - PENSION PLAN

<u>Plan Descriptions</u>: All qualified permanent and probationary employees are eligible to participate in the SRFECC's cost-sharing multiple employer defined benefit pension plan administered by the California Public Employees' Retirement System (CalPERS). The Board has established a single "Cost-Sharing Miscellaneous" pension plan (the Plan) with CalPERS that is comprised of the following rate plans:

- Miscellaneous Rate Plan
- PEPRA Miscellaneous Rate Plan

Benefit provisions under the Plan are established by State statute and SRFECC resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website at www.calpers.ca.gov.

### NOTES TO BASIC FINANCIAL STATEMENTS (Continued)

June 30, 2021 and 2020

### NOTE F – PENSION PLAN (Continued)

Benefits Provided: CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 (52 for PEPRA Miscellaneous Plan) with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is the following: the 1957 Survivor Benefit or the Optional Settlement 2W Death Benefit. The cost of living adjustments for the Plan are applied as specified by the Public Employees' Retirement Law.

The Plan's provisions and benefits in effect at June 30, 2021 and 2020, are summarized as follows:

|   |                  | PEPRA            |
|---|------------------|------------------|
|   | Miscellaneous    | Miscellaneous    |
|   | Rate Plan        | Rate Plan        |
|   | (Prior to        | (On or after     |
| Hire date   | January 1, 2013) | January 1, 2013) |
| Benefit formula (at full retirement)              | 2.7% @ 55        | 2.0% @ 62        |
| Benefit vesting schedule                          | 5 years service  | 5 years service  |
| Benefit payments                                  | monthly for life | monthly for life |
| Retirement age                                    | 50-55            | 52-67            |
| Monthly benefits, as a % of eligible compensation | 2.00% to 2.70%   | 1.0% to 2.5%     |
| Required employee contribution rates - 2021       | 8.000%           | 7.000%           |
| Required employee contribution rates - 2020       | 8.000%           | 7.000%           |
| Required employer contribution rates - 2021       | 14.508%          | 7.794%           |
| Required employer contribution rates - 2020       | 13.473%          | 7.026%           |

In addition to the contribution rates above, SRFECC was also required to make payments totaling \$675,150 and \$607,532 toward its unfunded actuarial liability during the years ended June 30, 2021 and 2020, respectively. The Miscellaneous Rate Plan is closed to new members that were not already CalPERS eligible participants on December 31, 2012.

For members of CalPERS prior to January 1, 2013, SRFECC pays the 8% employee contribution and employees pay 7.686% to December 1, 2019, 6.550% from December 1, 2019, to March 1, 2027 and will pay 3.634% after March 1, 2027.

Contributions: Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The SRFECC is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

The contributions recognized as part of pension expense to the Plan were \$974,788 and \$873,829 for the years ended June 30, 2021 and 2020, respectively.

<u>Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources</u>: As of June 30, 2021 and 2020, the SRFECC reported a net pension liability for its proportionate share of the Plan's net pension liability of \$7,444,517 and \$7,056,907, respectively.

#### NOTES TO BASIC FINANCIAL STATEMENTS (Continued)

June 30, 2021 and 2020

#### NOTE F – PENSION PLAN (Continued)

The SRFECC's net pension liability is measured as the proportionate share of the Plan's net pension liability. The net pension liability is measured as of June 30, 2020 and 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019 and 2018 rolled forward to June 30, 2020 and 2019 using standard update procedures. The SRFECC's proportion of the net pension liability was based on a projection of the SRFECC's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined. The SRFECC's proportionate share of the net pension liability for the Plan as of June 30 was as follows:

| Proportion - June 30, 2019   | 0.17700%  |
|------------------------------|-----------|
| Proportion - June 30, 2020   | 0.17622%  |
| Change - Increase (Decrease) | -0.00078% |
|                              |           |
| Proportion - June 30, 2020   | 0.17622%  |
| Proportion - June 30, 2021   | 0.17649%  |
| Change - Increase (Decrease) | 0.00027%  |
|                              |           |

For the year ended June 30, 2021 and 2020, the SRFECC recorded pension expense of \$1,217,993 and \$1,402,977, respectively. At June 30, 2021 and 2020, the SRFECC reported deferred outflows of resources and deferred inflows of resources related to the Plan from the following sources:

|                                       |    | 202        | 21           | 2020 |            |              |  |  |  |  |  |
|---------------------------------------|----|------------|--------------|------|------------|--------------|--|--|--|--|--|
|                                       | I  | Deferred   | Deferred     | I    | Deferred   | Deferred     |  |  |  |  |  |
|                                       | Οι | ıtflows of | Inflows of   | Οι   | utflows of | Inflows of   |  |  |  |  |  |
|                                       | R  | lesources  | Resources    | R    | Resources  | Resources    |  |  |  |  |  |
| Contributions subsequent              |    |            |              |      |            |              |  |  |  |  |  |
| to measurement date                   | \$ | 974,788    |              | \$   | 873,829    |              |  |  |  |  |  |
| Differences between actual and        |    |            |              |      |            |              |  |  |  |  |  |
| expected experience                   |    | 383,638    |              |      | 490,132    | \$ (37,975)  |  |  |  |  |  |
| Changes in assumptions                |    |            | \$ (53,097)  |      | 336,506    | (119,289)    |  |  |  |  |  |
| Differences between the employer's    |    |            |              |      |            |              |  |  |  |  |  |
| contribution and the employer's       |    |            |              |      |            |              |  |  |  |  |  |
| proportionate share of contributions  |    |            | (138,424)    |      |            | (91,339)     |  |  |  |  |  |
| Change in employer's proportion       |    | 8,188      | (83,031)     |      | 17,913     | (177,591)    |  |  |  |  |  |
| Net differences between projected and |    |            |              |      |            |              |  |  |  |  |  |
| actual earnings on plan investments   |    | 221,151    |              |      |            | (123,377)    |  |  |  |  |  |
| Total                                 | \$ | 1,587,766  | \$ (274,552) | \$   | 1,718,380  | \$ (549,571) |  |  |  |  |  |

The amounts reported as deferred outflows of resources related to contributions subsequent to the measurement date above will be recognized as a reduction of the net pension liability in the following fiscal years. Other amounts reported as net deferred outflows of resources related to pensions at June 30 will be recognized as pension expense as follows:

#### NOTES TO BASIC FINANCIAL STATEMENTS (Continued)

June 30, 2021 and 2020

NOTE F – PENSION PLAN (Continued)

| Fiscal Year Ended June 30 | 2021                   | 2020                |
|---------------------------|------------------------|---------------------|
| 2021                      | Φ (52.200)             | \$ 405,877          |

|                           | Membership Data for all Funds | Membership Data for all Funds |

- (1) Depending on entry age and service
- (2) Net of pension plan investment expenses, including inflation

The mortality table was developed based on CalPERS-specific data. The table includes 15 years of mortality improvements using Society of Actuaries Scale 90% of scale MP 2016. For more details on this table, please refer to the December 2017 experience study report (based on CalPERS demographic data from 1997 to 2015) that can be found on the CalPERS website.

<u>Discount Rate</u>: The discount rates used to measure the total pension liability were 7.15% as of June 30, 2021 and 2020. To determine whether the municipal bond rate should be used in the calculation of a discount rate for the plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current discount rate is appropriate and the use of the municipal bond rate calculation is not necessary. The long term expected discount rate will be applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report that can be obtained from the CalPERS website.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

#### NOTES TO BASIC FINANCIAL STATEMENTS (Continued)

June 30, 2021 and 2020

#### NOTE F – PENSION PLAN (Continued)

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

- (a) An expected inflation of 2.0% was used.
- (b) An expected inflation of 2.92% was used.

<u>Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate</u>: The following presents the SRFECC's proportionate share of the net pension liability for the Plan, calculated using the discount rate for the Plan, as well as what the SRFECC's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

|                       | 2021          | 2020          |
|-----------------------|---------------|---------------|
| 1% Decrease           | 6.15%         | 6.15%         |
| Net Pension Liability | \$ 11,376,642 | \$ 10,751,336 |
| Current Discount Rate | 7.15%         | 7.15%         |
| Net Pension Liability | \$ 7,444,517  | \$ 7,056,907  |
| 1% Increase           | 8.15%         | 8.15%         |
| Net Pension Liability | \$ 4,195,527  | \$ 4,007,417  |

<u>Fiduciary Net Position</u>: Detailed information about the Plan's fiduciary net position is available in the separately issued CalPERS financial reports.

Payable to the Pension Plan: There was no contributions payable to the Plan at June 30, 2021 and 2020.

#### NOTES TO BASIC FINANCIAL STATEMENTS (Continued)

June 30, 2021 and 2020

#### NOTE G – NET POSITION

Designations of unrestricted net position may be imposed by the Board of Directors to reflect future spending plans or concerns about the availability of future resources. Designations may be modified, amended, or removed by Board action. The Board has made designations of net position; however, the unrestricted net position balance is negative, so no amounts are available for designations. SRFECC has sufficient cash balances for designations. At June 30, 2021 and 2020, SRFECC has net position designated for contingencies of \$908,092 and 1,311,090, respectively.

#### NOTE H – INSURANCE

SRFECC is a member of the Northern California Special Districts Insurance Authority (NCSDIA). The NCSDIA is a risk-pooling self-insurance authority, created under the provisions of the California Government Code Sections 6500 et. seq. The purpose of the NCSDIA is to provide a full risk management program for California local governments. NCSDIA provides insurance through the pool up to a certain level, beyond which group purchased commercial excess insurance is obtained.

SRFECC pays an annual premium to NCSDIA for general liability, property, management liability and workers compensation insurance coverage. SRFECC's annual premium is based on its pro-rata share of charges for the pooled risk, claims adjusting and legal costs, and administrative and other costs to operate the NCSDIA. SRFECC paid no material uninsured losses during the last three fiscal years and had no significant reductions in coverage during the year.

SRFECC's deductible and coverage are as follows:

|                      |                  | Commercial   |            |
|----------------------|------------------|--------------|------------|
| Coverage             | NCSDIA           | Insurance    | Deductible |
| General liability    | \$ 1,000,000     | \$ 9,000,000 | none       |
| Auto liability       | 1,000,000        |              | \$ 1,000   |
| Crime program        | 1,000,000        |              | 2,500      |
| Property damage      | Replacement Cost |              | 1,000      |
| Management liability | 1,000,000        | 9,000,000    | none       |
| Workers compensation | Statutory        |              | none       |

#### NOTE I – LEASE COMMITMENTS

SRFECC entered into a lease agreement for office space at 10411 Old Placerville Road in Sacramento, California beginning May 1, 2020. The lease extends through April 30, 2025 and contains base rents of \$6,129 to \$7,005 per month. Rent expense was \$73,988 and \$27,258 for the years ended June 30, 2021 and 2020, respectively. As of June 30, 2021, future minimum lease payments under the noncancellable operating leases were as follows:

| Fiscal year ending June 30 |               |
|----------------------------|---------------|
| 2022                       | \$<br>76,615  |
| 2023                       | 79,242        |
| 2024                       | 81,869        |
| 2025                       | 70,048        |
|                            | \$<br>307,774 |

#### NOTES TO BASIC FINANCIAL STATEMENTS (Continued)

June 30, 2021 and 2020

#### NOTE J – CONTINGENCIES AND COMMITMENTS

<u>Contingencies</u>: SRFECC receives grant funding for specific purposes that are subject to review and audit by the granting agencies. Such audits could result in a request for reimbursement for expenditures disallowed under the terms and conditions of the contracts. Management is of the opinion that no material liabilities will result from such potential audits.

SRFECC is party to claims arising in the ordinary course of business. After taking into consideration information furnished by legal counsel to SRFECC as to the current status of the claims to which SRFECC is a party, management is of the opinion that the ultimate aggregate liability represented thereby, if any will not have a material adverse effect on the financial position or results of operations of SRFECC.

<u>Commitments</u>: In August 2017, SRFECC approved \$650,000 for the development of an alerting system. SRFECC has entered into a contract for \$606,000 for equipment and installation of the system. An additional \$86,000 is expected to be needed to interface the system with current equipment and additional amounts will be needed for project management costs. As of June 30, 2021, approximately \$60,567 remains unspent on the project.

In March 2019, SRFECC entered into a contract for \$1,720,047, which has been revised to \$3,157,562 as of June 30 2020, for the development of CAD software and server upgrades. As of June 30, 2021, approximately \$892,887 remains unspent on this project.

#### REQUIRED SUPPLEMENTARY INFORMATION (UNAUDITED)

For the Year Ended June 30, 2021

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Sacramento Regional Fire/EMS Communication Center Sacramento, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Sacramento Regional Fire/EMS Communication Center (SRFECC) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the SRFECC's basic financial statements, and have issued our report thereon dated November 3, 2021.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the SRFECC's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the SRFECC's internal control. Accordingly, we do not express an opinion on the effectiveness of the SRFECC's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the SRFECC's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the SRFECC's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

To the Board of Directors Sacramento Regional Fire/EMS Communications Center

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the SRFECC's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the SRFECC's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

The meeting was called to order and roll call taken at 9:00 a.m.

- 1. The Pledge of Allegiance was recited.
- 2. There were no agenda updates.
- 3. There were several in attendance who shared public comment.

#### Theresa Miller, Dispatcher:

"Your dispatch center is severely understaffed, despite the vacancy count and what your HR Manager has reported. In the past 8 years, including the past 18 months, we are still at a 30% retention rate. February OT here 248. March, ProQA rollout, 654. Then in April we logged a back-breaking 861 hours not counting hours worked by Elizabeth, Casey, and Kylee, which I am sure would have driven those numbers well past 1,000. Not even grass season yet. We also have a supervisor that just worked 14 nights straight. In today's board packet, you have a report that states for the month of April we received and made more than 40,000 phone calls, all handled by roughly 35 people – kudos to my coworkers. The solution to this and many

other problems we face is more dispatchers. We've been told there's no room in the budget for a COLA. The Center has three vehicles – one of which was recently outfitted for code3 responses. We pay \$78,000 a year for an Admin building that appears to sit 90% vacant, when occupied it appears to be work that can be done from home or at the Center. We reimburse Metro \$26,000 a month for Executive Director Services. The Center has created three brand new positions recently, one with a larger salary than a top-step dispatcher, and two more than a top-step supervisor – but we have no money for a COLA for dispatchers.

Your dispatchers have weathered a complete upheaval in Operations since March 1, an open attack by our very own HR Manager, and unprecedented overtime just in the last few months. The latest blow, a zero percent raise offer and a tripling of health care costs for some that result in a monthly net loss for all. We've done the parity studies – the only local PSAP that pays less than us is Sac PD. Also included in our study is healthcare and other incentives and found more of the same. The agencies that we compete with – most offer 100% of Kaiser, more education incentive, cash signing bonuses of \$3,000 to \$10,000, and the best part: a fraction of the call volume. These agencies boast a 75-100% staffing rate. If we don't start competing with these agencies, worst case, we will lose dispatchers we already have. Best case, we will drive those that continue to stay to complete burnout. Retirement from SRFECC is always the goal but for that to happen we need to 1) attract a candidate able to complete all levels of training and 2) retain them with a competitive salary and benefit package.

I have great visions for us to, in fact, be the premiere agency in the Sacramento area. I am proud of the super-human call volume we process every day with the staff we have, proud that we handle all fire and EMS for 10 agencies, and cover the square mileage and population we do. We should offer the opportunity for professional development like the position Roman was taken for. We can be that agency – one that people want to work for because we have the most impressive work product. We pay the best, and if you make it through the door, you're the lucky one. That will only happen if we have a full staff of fully-functioning dispatchers, which starts with a robust foundation of call-takers, which will only happen if we attract the right candidates. Before we start CPR, we stop the hemorrhage. We are losing people, we will lose more. Thank you."

#### Julee Todd, Dispatch Supervisor:

"Good morning. The members of Local 150 have been stretched to an unprecedented level. While our responsibilities continue to grow exponentially, every year our job gets more and more complicated. Our current theme is one of constant change, in an attempt to make more with less. To help you understand our current situation, it's like having your command units man a hose, perform as command, and be in charge of scene safety. While this may be oversimplifying the situation to make a point, we are not allowed to supervise. We are fulfilling three roles simultaneously while on duty. Call taker, CRO, and lastly, Supervisor. While we are continually righting the wrong of prior management, or being punished for the decisions made by those leaders, we are not allowed to get ahead. Not allowed to grow or thrive. Our staffing is lacking in numbers, our technology is out-of-date, our facilities are suffering from lack of attention. Our souls and bodies are exhausted, for many at or near a breaking point. And yet, we continue to show up and perform. Not just phoning it in, but actually exceling in spite of the situation and years of neglect.

We have weathered leaders with addiction issues, criminal issues, and least troublesome of all, a completely self-serving leader who in hindsight, was the best of the lot so far. While our governing board has grown weary of selecting leaders, the decision was put in place an all-too-quickly rotating Chief. We pulled together to survive what could have been a catastrophic outbreak of Coronavirus, shifting our operations to 14-hour shifts, skeleton crews, and sacrifices abound.

At the onset of the pandemic, call volume dropped off, however in the long run there was very little difference between the call volume in 2019 and 2020. Yet the decision was made to drastically cut our budget and administrative staff by the exact amount of our only budget increase. And while I'm a firm believer in the phrase, 'money doesn't buy happiness,' we need a way to draw in quality people while showing our appreciation to those who continue to stick it out, who continue to show up day after day, year after year. For years, we continue to survive never quite thriving and never quite dying."

#### Yvonne Vazquez, Dispatcher:

"Good morning. We are here to request the board reconsider its stance in negotiations. We have come to the negotiations table in good faith, trying to meeting the Center at a reasonable place that is fair to our members and not an undue hardship to the fire agencies. We have lost people. We are losing people. We need help. We cannot afford to lose qualified, seasoned dispatchers, but we are. Recently, the Center has posted a very likely record-breaking number of hours in overtime to augment staffing numbers and to attempt to alleviate the pressure on CROs to answer emergency calls due to recent changes in workflow and operations. All of this overtime is absorbed by fewer than 30 personnel, and this is before grass season. This is not sustainable. The goals of our Center were so very different not so long ago. The Center once hoped to raise minimum staffing numbers, not lower them; split more channels, not patch them; take extra duties off Supervisor's plates, not add to them. We are going backwards very fast. Once again, dispatchers are asked to do more with less, but it has never been worse than now. We have roughly the same numbers as we did back in 2004. We may have a few more recruits and call takers now, but we have far fewer CRO-capable dispatchers. Our call volume has almost doubled since then, and the concept of 'doing more with less,' 'keeping one's head down' and doing the job without complaint, accepting the perils of the job silently - these are all concepts that leadership encourages and expects, but at some point this turnip they've been squeezing for blood all those years will dry up entirely.

If dispatchers are appreciating assets, that produce more value to the Center over time, you cannot continue to pay them to the least common denominator of wages. It is the board's responsibility to address it and correct it, not balance your budgets on the backs of dispatchers while simultaneously burning through them. We've heard the phrase, 'cost that out,' a few times during this negotiations process and I urge the board to 'cost it out' – the retention versus acquisition cost of a fully trained dispathcer, because that is the only number that matters.

My take-home pay, as a full time, fully trained, CRO dispatcher is \$3,200 a month. What I will have paid for medical from January until then end of this contract is more than an entire month's take-home wages that previously was covered by the Center. How do you argue to the remaining dispatchers here that our grass is just as green as higher paid agencies with less call volume? That they should stay, and things will get better, farther down the line when it would be at the expense of their livelihood for their families? We are losing people, and we are already doing everything we can, so what are you going to do? Thank you."

#### 4. CENTER REPORTS

#### Medical Director Dr. Mackey

Dr. Mackey began with an update on a Coordinator's Meeting, in which the EMS divisions of each agencies evaluated common issues to address amongst all agencies in the next year. The group found extreme value in the meeting and as such will continue to do so quarterly. The group does have a direction, and Dr. Mackey followed up with all attendees with an email summary.

Regarding community vaccinations – the FDA has authorized Pfizer to be administered to ages 12 and up, but organizations are waiting for CDC guidance on how that looks moving forward. The fire service has completed vaccinations so well, the agencies are being approached to complete vaccinations in schools. An upcoming vaccination clinic has been organized at Cordova High School with a well-equipped space and team in place.

Dr. Mackey presented a summary of the national CARES (Cardiac Arrest Registry to Enhance Survival) report for our local agencies. CARES is a national registry, with participation from a multitude of agencies, to evaluate cardiac arrest survival data.

In 2020, Sacramento County experience a total of 1803 out-of-hospital cardiac arrest calls, with 81% occurring in homes. Only 39% of the cardiac arrests were witnessed – this population is the most likely to survive. Of the witnessed cardiac arrests, a bystander began CPR 52% of the time. Dr. Mackey took a pause here to celebrate this high percentage – which is significantly higher than the national standard – and he attributed this to the men and women at the dispatch center to get bystanders to begin CPR with their tremendous work. An AED was utilized 3.3% of the time, and this is where most survivors of cardiac arrests occur.

In a State/National/Local comparison, the Sacramento County Fire agencies performed as follows:

- Witness Cardiac Arrests: on standard
- Bystander CPR Rates: 11% above national and state standard
  - Dr. Mackey believes this may be artificially low for individuals who are alone performing CPR, who would then need to get up to answer the door for Fire and it may be recorded as "no bystander CPR"
- Pronounced in the field: 10% below the national standard, and 13% below state standard.
  - Sacramento County fire agencies transport a tremendous number of the non-traumatic, adult cardiac arrest cases. Dr. Mackey sees this as an improvement and training opportunity.
- Utstein Survival (witnessed event, with bystander CPR, found in a shockable rhythm and have ROSC): just below the national and state standard, but markedly improved from the previous year.

Chief Costamagna questioned the AED use due to the availability of AEDs, and Dr. Mackey feels the low occurrence of AED use is due to the high percentage of cardiac arrests that occur in home and most individuals do not have home AEDs. Dr. Mackey did state, however, that he feels there is room for improvement in public places.

Chief Bair thanked Dr. Mackey for his leadership and support in training and improving these numbers from years past, as well as commended the dispatchers for their role in providing care.

#### 5. CLOSED SESSION:

#### CONFERENCE WITH LABOR NEGOTIATOR\*

Pursuant to Government Code Section 54957.6

Center Negotiator(s) Lindsay Moore, Counsel

Ty Bailey, Executive Director

Employee Organization(s) Teamsters Local 150
Teamsters Local 856

Unrepresented Administrators

#### 2. PERSONNEL ISSUES\*

Pursuant to California Governing Code Section 54957

- a. Employee Evaluation: Executive Director b. Employee Evaluation: Medical Director
- CONFERENCE WITH LEGAL COUNSEL: Anticipated Litigation\*
  - a. Pursuant to California Government Code Section 54956.9 (b) The Board will meet in closed session to discuss significant exposure to litigation. Two (2) potential cases

Closed session was convened at 9:29 a.m.

Open session was reconvened at 11:07 a.m.

- 1. The Board received direction. No formal action was taken.
- 2. The Board received an update; no formal action was taken.
- 3. The Board received an update; no formal action was taken.
- CONSENT AGENDA: Matters of routine approval including, but not limited to Board meeting synopsis, payroll reports, referral of issues to committee, other consent matters. Consent Agenda is acted upon as one unit unless a Board member requests separate discussion and/or action.

A motion was made by Chief Bair and seconded by Chief Wagaman to approve the consent agenda and Board Meeting minutes (April 13, 2021) and Special Board Meeting Minutes (April 29, 2021).

AYES: Sacramento Fire Department, Sacramento Metro, Cosumnes Community Services District, Folsom Fire

None

#### 10. CENTER REPORTS

#### 1. Executive Director

ED Bailey opened by reporting that the Center continues to work through negotiations and has additional meetings scheduled out.

Recruits from year 2020 and 2021 continuing to work through training and doing very well. The Center is aiming to hold another academy in the fall of 2021. HR Manager Hicks is currently recruiting for this academy.

Fire season has started early, and ED Bailey commends the work the dispatchers are doing, acknowledges and thanks them for all they do.

ED Bailey Attended the Chiefs Forums to educate Metro members on what projects are in progress at Dispatch, and why those changes are being made.

Additionally, the firewall upgrade at the Center was successful. The team at the Center stepped up in an early morning, and the project was completed successfully without any challenges.

ED Bailey expressed thanks to DD Soares for her extra support and work hours, which took away her time from her family but contributed to the Center mission of service delivery. DD Soares will also be assisting Metro in the BC academy to provide education on what the role of dispatch is in the operations of the fire service in the region. ED Bailey extended that same offer to other fire agencies, to provide additional education.

The Center continues to work on the CommandPoint CAD upgrades, with the go-live goal of the end of 2021. The most significant challenge continue to be the timeline with Peraton.

#### 2. Deputy Director Soares

DD Soares opened with academy 21-1 update – all recruits are paired with their 1:1 trainers and doing well. Additionally, all 20-1 recruits have completed Main training.

Supervisor Quintard is working on an IROC refresher, and recently a Pro-QA refresher was completed.

Operations workflow is continually under review with labor leaders to find the ideal workload distribution. Grass response modifications were live May 3, and the Center is already experiencing an increase in call volume with multiple, multiple-alarm fires occurring simultaneously, and summer related medical aid calls. While it is refreshing to see more people out and about, it does have an impact on call volume at the Center.

DD Soares echoed Chief Bailey to say that the dispatchers are working hard every single day, with nonstop ringing phones, and DD Soares expressed thanks for the dispatchers hard work, and dedication to the organization and the community.

#### 10. **CORRESPONDENCE**:

None.

#### 11. ITEMS FOR DISCUSSION AND POTENTIAL PLACEMENT ON A FUTURE AGENDA:

None.

#### 14. **BOARD MEMBER COMMENTS**:

#### Chief Bair

Chief Bair echoed ED Bailey and DD Soares comments regarding the dispatcher's hard work and expressed immense appreciation from Cosumnes.

#### Chief Wilson

Chief Wilson expressed that the fire agencies see the tremendous amount of work the dispatchers do and thank them for their key role in service delivery. He also expressed thanks to the team that assisted in releasing the Strike Team Leader manual as we continue to prepare for fire season.

#### Chief Wagaman

Chief Wagaman opened with appreciation for the news that the academy is doing well, and that there is another scheduled in the future. He commented that this is a challenging time to lead, but that it will take all staying together to solve these problems. Staffing continues to be a challenge in the region, but the agencies will remain positive and continue to chip away at the challenges and be successful. Chief Wagaman attributes the success of the region to all members' resilience. He expressed thanks for the leadership and progress made by the Center.

#### Chief Costamagna

Chief Costamagna echoed previous sentiments, and thanked DD House, DD Soares, and Marissa Shmatovich for their leadership at the Center as well. Supervisor Quintard and Supervisor Strong has been working hard in the background and it is very much appreciated. And with upcoming grass season, Chief Costamagna thanks the dispatchers for all they do in the background.

#### **About This Document**

Direct Technology (DT) presents this Work Order to summarize the IT Managed Services engagement Sacramento Regional Fire/EMC Communications Center (SRFECC). The services will be performed in a manner that will stabilize, standardize and support SRFECC technology environment.

# **Executive Summary**

SRFECC has discussed with DT their forward-looking goals for management of their IT infrastructure. At a high level, these include:

- Local presence in Greater Sacramento Area
- Communicative and collaborative relationship
- Experience in VMWare
- Experience in Procurement and delivery
- Experience in Networking
- Experience in Cyber Security
- Experience in Cloud

To these ends, SRFECC has expressed interest in engaging DT as a vendor partner, to form a managed IT services relationship.

## **Managed Services Support**

This solution is presented to maintain the day-to-day operations of the technology environment as it is currently configured. Resolving issues that occur through daily events and taking a stance to improve performance and security.

This support model is built for remote support with onsite as needed. During normal business hours from 6:00 am to 6:00 pm our team in Roseville be available for ticket response. In the event of an emergency and critical outage, our afterhours support team will be available.

#### **Managed Desktops**

- Patch Management
- Managed Office 365 Environment
- Adding and removing users from O365/Active Directory
- Managing Desktop Application License Counts
- SharePoint/OneDrive Support
- End user troubleshooting issues.

#### **Managed Servers**

- 24/7/365 server monitoring and remediation
- Monthly Server OS Patching
- Managed server backups of Virtual Environment (off-site tape backups not included)
- Restore services as necessary
- Server troubleshooting issues
- Support for wireless infrastructure

#### **Network Monitoring and Alerting**

- Provide monitoring and alerting on network devices
- Networking troubleshooting
- Send alerts for out-of-scope network devices to client for resolution
- Resolution of alerts can be resolved through Time and Material contract
- Maintain alerting ticket history for network device

#### **Managed Professional Services**

- Researching requirements and seeking vendor quotes for hardware and/or software.
- Ongoing delivery of updates to SRFECC management, including support statistics and project status.
- Ongoing documentation of the infrastructure, to include physical infrastructure mapping, tracking of End-Of-Life and End-Of-Support assets, and application needs assessment/mapping.
- License Renewal Management
- Technical Business Reviews (twice annual, or as agreed)
- Forward thinking collaborative technology roadmap with budget.

#### **Support Assumptions**

- Work to be completed remotely with onsite support as needed for the above managed services.
- New hardware implementation, migrations, or changes to the current system will be considered a project.
- Work will be performed M-F between 6:00AM and 6:00PM unless otherwise authorized.
- Maintenance windows/downtime will be agreed upon in advance.
- Work outside the scope of the agreement can be billed in a time and materials agreement or other work orders as defined.

## **Service Level Agreements**

#### INCIDENT MANAGEMENT PROCESS

Immediately upon receiving an email or phone call, our Tier 1 Help Desk staff start a ticket in our online system and attempt to resolve the issue.

- If it can be completed during the phone call or within a few minutes, the problem is considered to be a Tier 1 issue.
- If the Direct Technology Help Desk can resolve the client's issue, they complete a ticket and place the incident in Closed status.
- If, however, the issue affects multiple people or requires more time or research, the ticket is elevated to Tier 2, passed to our Tier 2 personnel, and given priority over less urgent issues.
- If the issue is a deeper problem that requires a subject-matter expert such as a developer, the Help Desk team will quickly transfer it to the necessary staff, who will then contact SRFECC and take charge of the resolution as described earlier.

| Incident Service Level Definition and Response/Resolution Times |   |                        |  |  |  |  |
|---|---|------------------------|--|--|--|--|
| Priority 1 –<br>Critical Impact                                 | An Incident causing a complete interruption or extreme degradation of service delivery to the affected client, environment or business operation. Those affected cannot operate in an automated fashion until service delivery is restored  | 15-minute<br>Response  |  |  |  |  |
| Priority 2 – Major<br>Impact                                    | An Incident causing a significant interruption or degradation of service delivery to the affected client, environment or business operation. There is an automated contingency plan that allows those affected to achieve partial functionality during the event.   | 60-minute<br>Response  |  |  |  |  |
| Priority 3 –<br>Moderate Impact                                 | An Incident causing a moderate interruption or degradation of service delivery to the affected client, environment or business operation. While immediate impact is moderate, the risk for increased impact may be apparent. There may be an automated or manual contingency plan that allows those affected to achieve a level approaching normal service delivery during the event. | 4-8-hour<br>Response   |  |  |  |  |
|   | This is for low priority or scheduled events, such as   | 8-hour Response        |  |  |  |  |
| Priority 4 –<br>Low Impact                                      | adding/removing employees, trainings, reports, or when a user is not able to work on the issue. This is also for issues with 3 <sup>rd</sup> party vendors that are not urgent.   | scheduled date of task |  |  |  |  |

#### **Estimates**

Any identified changes in requested service that will affect this project will be documented using a standard Change Order process. Before any change is implemented, prices associated with a change to the Work Order will be defined and submitted for acceptance.

Growth of end users, either organic over time or based on new client programs, may necessitate an adjustment to the monthly service fee. The growth or reduction of new workstations or servers to the network will increase or decrease the monthly bill by the quantity and rate. Adjustments will occur at the regularly scheduled technology business reviews.

The following table represents the estimated costs of the goods and services described in this document.

| Contracted Service                 | Quantity | Rate  | Per Project Price |
|------------------------------------|----------|-------|-------------------|
| Managed Servers                    | 32       | \$100 | \$3,200           |
| Additional Servers added at \$100  |          |       |                   |
| Managed Desktops                   | 22       | \$20  | \$440             |
| Additional Desktops added at \$50  |          |       |                   |
| Networking Monitoring and Alerting | 99       | \$3   | \$297             |
| Additional Devices added at \$3    |          |       |                   |
|                                    |          |       | \$3,937           |
| Monthly Recurring TOTAL            |          |       |                   |

Services outside of the defined Support Scope can be billed through pre-purchased bucket of hours or at the following rates:

- \$150/hr Engineering Services
- \$85/hr for Desktop Support Services
- \$150/hr for Project Management services

# **Payment Terms**

- Monthly, recurring billing schedule.
- Net 30 payment terms.
- Due to the front-loaded expense to DT for infrastructure stabilization work, termination by the client will require 90 days' notice.
- 19-month agreement beginning 12/1/2021 and ending 06/30/2023. This agreement shall automatically renew for another one (1) year term, unless either party provides notice to the other of its intent to terminate this agreement not less than thirty (30) days before the end of the then current term.

|   |                                       |
| Date  | Date                                  |

**6 Month Goal:** Reestablish Direct Technology as the go to IT Service Provider for Sacramento Regional Fire/EMS Communication Center.

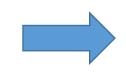

# **Cure Plan:**

Improve Response Time
Weekly Status Meetings
Reduce Monthly Billing

# **Cure Results:**

Maintained 96%+ response time SLA SFRECC Team Confidence Restored

# **Future Plans:**

Maintain Weekly Status meetings

Maintain quick response times

Provide increased value as a

Trusted Advisor

**Thank you:** After 6 months of month-to-month engagement we're excited to continue this partnership of providing IT Managed Services for SFRECC.

### STAFF REPORT

DATE: November 9, 2021

TO: Board of Directors

FROM: Diane House, Deputy Director

PREPARED FOR: November 9, 2021

SUBJECT: Managed Services Contract

#### **EXECUTIVE SUMMARY**

SRFECC contracts for managed services, network and infrastructure support to augment our IT staff. We contracted with Direct Technologies (DT) for these services. In April 2021, we delivered a 90-day notice to DT to continue forward on a month-to-month agreement rather than renewing our annual support contract. From this notification point to present day, DT stepped up, created a cure plan, scheduled weekly cadence calls and lowered our month-to-month rate from \$4150 to \$3300.

During the last six months, the SRFECC IT team researched managed services providers. We met with three providers, received demonstrations and quotes of their offerings. The SRFECC IT team evaluated each one. Based on price, offerings and location, the SRFECC IT determined the best path forward is to continue with DT.

In the attached quote, it includes:

- 1) An increase in the number of managed devices.
- 2) Monthly reoccurring rate is \$3,937 for a period of 18 months, 12/1/2-21 through 6/30/2023.
- 3) The agreement gets us in line with our fiscal year.
- 4) The agreement provides for a 90-day cancellation.
- 5) The new agreement includes more managed devices than previously and a lower price.

#### **FISCAL IMPACT**

In budget, no additional fiscal impact.

\$3937 per month x 12 months = \$47,244 annually

Managed services are captured in the Operations budget, GL Code 6140 for an annual amount of \$85,000.

#### **ATTACHMENTS**

Direct Technologies Quote/Work Order List of managed/monitored devices Deck from Direct Technologies

#### **RECOMMENDATION**

Approve managed services contract with Direct Technologies for period of 12/1/21 – 6/30/23.

Respectfully submitted, Diane House

10230 Systems Parkway, Sacramento, CA 95827-3006 www.srfecc.ca.gov

### Telephony Performance Measure October 2021

The following data is the telephony performance measures for the Sacramento Regional Fire/EMS Communications Center (SRFECC) during the month of October 2021 for all incoming and outgoing calls to and from the Center on 9-1-1 lines, Seven-Digit Emergency (7DE) lines, Allied Agencies (i.e. Sacramento Police Dept.), Alarm Company lines, as well as Seven-Digit Administrative lines.

### **Summary of Information**

During the month of October 2021, dispatch staff processed 30.073 incoming calls and 8.349 outgoing calls for a total call volume of 38.423.

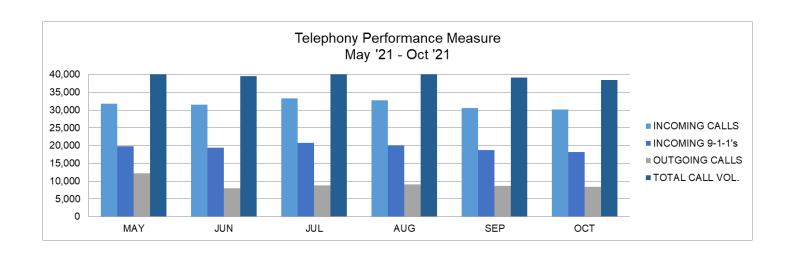

### **Detailed Breakdown of Information – Incoming Lines**

• 9-1-1 Emergency lines: 18,119

• "Seven-Digit" Emergency lines (7DE): 5,035

Allied Agency/Alarm Companies: 3,287

• Non-Emergency/Administrative (7DA) lines: 3,854

10230 Systems Parkway, Sacramento, CA 95827-3006 www.srfecc.ca.gov

The following data represents incoming call comparisons for the same month over a 5 year time period:

10230 Systems Parkway, Sacramento, CA 95827-3006 www.srfecc.ca.gov

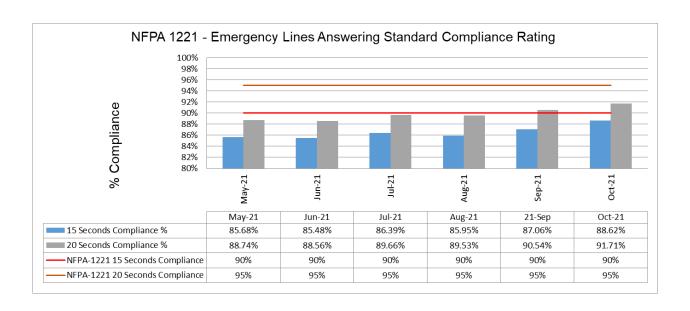

### **Emergency Lines Answering Standard: NFPA-1221 (2019 Edition)**

According to NFPA-1221 (2019 ed.), Chp. 7, Sec. 7.4 – Operating Procedures:

**Rule 7.4.1:** "Ninety percent of events received on emergency lines shall be answered within 15 seconds, and 95 percent of alarms shall be answered within 20 seconds."

NFPA-1221 (2019 ed.) recommends that all calls received on emergency lines shall be answered within 15 seconds 90% of the time and 95% percent of alarms shall be answered within 20 seconds – In October, the dispatch team answered all calls on emergency lines within 15 seconds <u>88.62%</u> of the time and answered within 20 seconds <u>91.71%</u> of the time.

The following chart represents the Emergency Lines Answering Standard under NFPA-1221 (2019 ed.), Chapter 7, Section 7.4 – Operating Procedures, Rule 7.4.1 for identifying the compliance performance ratings.

### SRFECC Staff Report - November 3, 2021

### **Dispatcher Positions:**

- 2 Dispatcher Vacancies
- 1 Supervisor Vacancy

### Academy 21-2:

Academy 21-2 started on September 7<sup>th</sup>. On October 31<sup>st</sup> 8 of the 10 Dispatchers transitioned to the Call Taker Training Phase.

### Academy 22-1:

Academy 22-1 has been approved with an anticipated start date of January 1st. We are conducting Panel Interviews on Friday, November 5<sup>th</sup> and have 9 candidates scheduled to interview. We currently have 2 candidates in the background check process. With only two candidates identified thus far, it will be very difficult to hit our hiring target of 10 for this Academy.

### **Recruitment Activity:**

We continue to see a decline in terms of the number of candidates that apply for the 911 Dispatcher position and a decline in the quality of candidates. We increased our advertising on Indeed for 1 week to attract more candidates and our efforts have yielded 3x as many applicants. Those candidates are being reviewed and scheduled to complete the CritiCall Assessment.

### STAFF REPORT

DATE: November 9, 2021

TO: Board of Directors

FROM: Chia Vargo, Accounting Specialist II

PREPARED FOR: November 9, 2021

**REFERENCE AGENDA: N/A** 

SUBJECT: FY2020 State Homeland Security Grant Update

#### **EXECUTIVE SUMMARY**

An application for grant funding in the amount of \$549,938 was submitted to the Sacramento County Office of Emergency Services (SacOES) for the FY2020 State Homeland Security Grant (SHSGP) Program on February 18, 2021, on behalf of the Sacramento Regional Fire/EMS Communications Center (Center), for the purpose of funding a computer-aided dispatch Live Move-Up Module (CAD LiveMUM).

LiveMUM is a real-time, dynamic software application enhancement that provides emergency dispatchers with automated move-up recommendations while simultaneously allowing the continuous monitoring and identification of coverage gaps, strengthening emergency communication capabilities and enhancing multi-jurisdictional all-hazards incident planning, response, and recovery capabilities.

The Center received a notice of award from SacOES on August 30, 2021 in the amount of \$549,938 which is expected to fully fund the project (CAD LiveMUM for \$373,750 and CAD Interface to LiveMUM for \$176,188).

During the September 14, 2021 board meeting, the Board approved the execution of the Subaward Agreement with SacOES as well as amended the FY2021/2022 Final Budget to reflect the grant award.

The performance period will run from September 1, 2020 through December 31, 2022.

#### **FISCAL IMPACT**

The grant award has been added to the FY2021/2022 final budget. There is no match requirement.

#### **MILESTONES TASKS & TIMELINE**
