CENTER REPORTS:

1. Administration Manager Marissa Shmatovich

Shmatovich reported on IBEW progress, noting that the project is moving forward, at a slower pace than anticipated due to wait time on furnishing and electrical quotes and proposals. Noting that once those are made available, they will be presented to the board. highlighted that the new Administration building has now been named "SRFECC Annex," with a grand opening planned for early 2025, where board members will be invited. Marissa concluded by welcoming Bayleigh and providing appreciation for the collaborative efforts in budget planning and expressing optimism for continued growth.

2. Interim Operations Manager Casey Quintard

Quintard expressed gratitude for the opportunity provided to him and his colleagues to temporarily fill in the rolls of Operations Manager, emphasizing the value of experience and knowledge gained. He announced a 3-day supervisor training course taking place to enhance knowledge and networking opportunities. Casey recognized service anniversaries: Yvonne Vazquez (7 years), Jenna Walkingstick (4 years). and Sara Rodriguez (4 years). He reported on the participation of two supervisors and two dispatchers at the APCO event, where they shared insights on PODS training and networked with PSAPs nationally. Ongoing training was mentioned with three dispatchers currently in radio training, six recruits in POD training, and an upcoming academy beginning on September 9th

3. Chief Executive Director Derek Parker

Parker shared insights from attending the National Fire Academy in Maryland, focusing on the Dispatch Center project for the next 2 years. Highlighted networking opportunities with other dispatch centers to gain a broader perspective and improve operations. Acknowledged the valuable experience gained by team members who deployed to wildland incidents, with positive feedback. Appreciated the board's feedback and support.

CORRESPONDENCE:

None

ITEMS FOR DISCUSSION AND POTENTIAL PLACEMENT ON A FUTURE AGENDA:

None

BOARD MEMBER COMMENTS:

1. Chief Mitchell

Chief Mitchell thanked the team for their report outs. He welcomed Bayleigh and congratulated those celebrating service anniversaries while expressing appreciation for their dedication. Mitchel concluded by commending the finalization of the budget and acknowledging the collaborative efforts in labor and management negotiations.

2. Chief Bair

Chief Bair welcomed Bayleigh in her new role at the Center and thanked everyone at the Center for their hard work during a busy season.

3. Chief Williams

Chief Williams welcomed Bayleigh and appreciated the new Administration building name. He thanked Casey for recognizing service anniversaries and Marissa for her budget presentation. Williams expressed anticipation for future contributions from chief Parker and in the Center's work.

4. Chief Wilson

- Chief Wilson welcomed Bayleigh to her new role and commended the team on the new budget and progress on the Annex. He concluded the meeting by extending his appreciation for everyone's hard work.

ADJOURNMENT:

The meeting was adjourned at 10:00 a.m.

STAFF REPORT (REPORT 24-22)

DATE: September 10, 2024

TO: Board of Directors

FROM: Derek Parker, Chief Executive Director

BY: Marissa Shmatovich, Administration Manager

SUBJECT: NEW BUILDING (THE ANNEX) FURNISHINGS PROJECT

RECOMMENDATION

The Board of Directors:

1. Approve the quote from Western Contract in the amount of \$283,524.10 for office furnishing.
2. Approve the quote from SED Electric in the amount of \$42,703 for electrical and low voltage preparation for furniture installation.

BACKGROUND/ANALYSIS

The IBEW (new administration) building project began in late 2023 with conversations with Local 340 for the Center to lease office space. In May 2024, the Board of Directors approved the lease agreement between the Center and Local 340 and a quote for tenant improvements with L&L Construction. In June 2024, the Board of Directors approved a quote for secure badge access hardware and software.

Center staff have coordinated with IBEW and the contractor to progress through tenant and landlord improvements. Tenant and landlord improvements are nearly complete, and next is to begin the furnishing portion of the project.

The Center solicited site walks with three CMAS furniture vendors, two of which were unresponsive. The Center selected Western Contract on their status CMAS vendor, exempting the project from the bid process, and their responsive and cooperative operations. Western Contract provided a statement of work and has continued to work through the design and quote process with the Center.

A contingency of the final quotation and order of the furniture was the identification of an electrician to install needed power and data for the workstations and meeting spaces. The Center solicited site walks and quotes from four electrical vendors and selected SED Electric based upon cost and timeline considerations. One of the electrical vendors did not provide a quote in the time requested.

Staff Report: New Building Furnishings Project, Report #24-22

Date: September 10, 2024

Page 2

FINANCIAL ANALYSIS

Expenditures in support of the IBEW building will be funded by the CIP – Facilities budget line. The Center solicited 3 quotes for both services in accordance with board policy 3.017 Procurement and utilizing a CMAS vendor for expenses above \$50,000 exempts the project from formal bidding requirements. The Western Contract quote (\$283,524.10) and SED Electric quote (\$42,703) total \$326,227.10, with no unanticipated or over budget implications.

These requests are in alignment and support the 2030 Strategic Blueprint and Growth Strategy focus areas:

- 2D: Evaluate considering the location of operations for dispatching and Center administration.

PEI Estimate No. S24-090

Sacramento Regional Fire/ EMS Communications Center
10230 Systems Parkway
Sacramento, CA 95827
Attn: Roman Kukharets

Subject: Electrical & Low Voltage work for New Office.

Roman, we are pleased to offer our proposal for the electrical construction of the subject project. This proposal includes furnishing the labor, tools, equipment rental, transportation, superintendence, and miscellaneous items to perform the work as detailed below.

Our scope of work is as follows:

Data:

- Provide and install , terminate, label test and document the communications System. Install approx. 14,400' of plenum rated Category 6 cable to all data & voice outlets.
- Terminate with Category 6 jacks at the faceplates and on Category 6 patch panels in telecom closets.
- Build-out the MFD closet with Chatsworth vertical wire management, and patch panels.
- Install 2" and 4" J-hook pathways to support our cables.
- Label, test and document the installation.

Electrical:

- Provide and install 40' of 1" EMT
- Provide and install 540' of 12/2 MC Cable
- Provide and install three 10.5" Vertical Drop Tele-Power Poles
- Blank off 10 Receptacle Covers

Electrical Proposal Price	\$ 68,956.00
----------------------------------	---------------------

Please note the following exclusions:

1. Premium time labor.
2. Any additional electrical work not shown on plan sheets.
3. Patching and painting.
4. Work required bringing existing conditions into current code compliance.
5. Prevailing wages.
6. A backbox with conduit stubbed up into accessible ceiling space for each communications outlet and devise plate.
7. All sleeves, cores, penetrations, junction boxes, maxcell, etc.
8. Plywood backboards in MDF and IDF communications Rooms and cabinets.

9. Firestopping.
10. Wrestling room AV will be future only.
11. All Security and intrusions are excluded (no specs/drawings)

Please note the following clarifications and inclusions:

1. This bid assumes surveying required for electrical installations will be performed by others.
2. This bid assumes all work to be performed during normal business hours with free and clear access to the workspace.
3. This bid is based upon use of industry standard code approved materials and methods.
4. The City of Sacramento will be enforcing the Emergency Responder Radio System per Section 510 of the 2013 California Fire Code (CFC) and Sections 510 and 915 of the 2013 California Building Code (CBC) on buildings meeting their criteria. PEI does not include design, engineering, licensing, furnishing or installation of this system.
5. All applicable taxes are included in our submission.
6. The contractor shall not be held liable for errors or omissions in designs by others.
7. A formal contract must not deviate from the aforementioned conditions of this letter without our permission.
8. This proposal price is good for 30 days from the above date and subject to PEI terms and conditions.
9. PEI offers a 2% discount on all invoices paid in full by the 15th of the following month.

Thank you for the opportunity to present this proposal. Should you have any questions regarding this project, please contact us.

RE: Network Infrastructure Project – SRFEECC

Valley Communications, Inc. is pleased to provide you with the following proposal for the SRFEECC project located at 10240 Systems Pkwy, Sacramento, CA in Rancho Cordova, California. Our proposal and pricing are based upon the project drawings and details provided.

Workstation Cabling

- Provide and install **(60)** new category 6 cables.
- Provide and install **(60)** new category 6 jacks.
- Provide and install **(2)** 48 port category 6 patch panel.
- Provide and install **(24)** 2 port flush mount faceplates.
- Provide and install **(12)** 1 port surface mount boxes.
- Provide and install J hook cable support, fire sleeves and fire seal as needed.
- Provide labor to test and label cabling.

Training Room AV

- Provide and install **(1)** 85” commercial TV.
- Provide and install **(1)** wall mount TV bracket.
- Provide and install **(1)** HDMI cable.
- Provide and install **(1)** HDMI faceplate.

Conferenc Room AV

- Provide and install **(1)** 75” commercial TV.
- Provide and install **(1)** wall mount TV bracket.
- Provide and install **(1)** venture Video Bar.
- Provide and install **(1)** HDMI cable.
- Provide and install **(1)** HDMI faceplate.

Testing, Certifications, Labeling and Documentation

- All cabling will be tested and certified per industry standards. Test results will be provided in both Hard copy and soft copy (CD) formats upon completion of the project.
- As-built drawings of the cabling infrastructure and server room layout shall be provided upon completion of the project utilizing Auto Cad. A laminated copy of the final as-built will be provided and placed in the Server Room for future flexibility.
- Owner shall provide a current CAD or PDF file reflecting furniture and private office layouts.
- All blocks, patch panels, connectors, cables and faceplates will be clearly identified with computer generated labels.

ASSUMPTIONS, EXCLUSIONS AND CLARIFICATIONS

We have included the following:

- A full-time project foreman and project manager for the duration of the project.
- An adequate number of qualified field technicians to meet the installation schedule.
- Delivery cost for tools, equipment, and materials provided by *VCI* to the project site.
- Administrative costs for testing, documentation, planning, study and layout for the project.

We have excluded the following:

- Providing and/or installing any required concrete cores, poke-through or floor boxes.
- Providing and/or installing conduit, outlets and conduit pathways for horizontal & backbone cabling.
- Providing and/or installing any required walker duct, surface raceway or cable tray.
- Providing and or installing ring and strings of any kind, (all conduit strings installed by EC).
- Providing and mounting any required plywood backboards.
- Providing and/or installing fire-stopping products other than those used to seal conduit sleeves or pathways used by *VCI*.
- Providing and Telephony, Network or Audio-Visual equipment.
- Providing and /or installing any access control or security cabling/systems.
- **Providing and or installing any other cabling, systems and or equipment of any kind other than that which is listed above under SCOPE OF WORK.**

We have assumed the following:

- *Owner or the GC* will provide *VCI* installation personnel with access badges, keys, and/or escorts in order to perform the work in a timely and cost-effective manner. (if applicable)
- *Owner* will provide infrastructure installation drawings for each floor or phase (if applicable).
- Only the above-mentioned scope of work has been included in this pricing.
- All work will comply with ANSI/EIA/TIA standards.
- All work will be done during normal business hours (Mon-Fri, 7am-5pm).

Re: Metro Fire's Primary Delegate for SRFEECC

Dear Chief Executive Director Parker,

Please be advised that Deputy Chief Ty Bailey is now Metro Fire's primary delegate for the Sacramento Regional Fire/EMS Communications Center effective August 27, 2024.

Please do not hesitate to contact me if you require anything further.

Regards,

Adam A. House
Fire Chief
